#### **6. Public Portion**

Attorney Thomas spoke regarding THC. He stated the city's staff asked him to dumb down the development district proposal so that was the version he submitted. The development district doesn't need to be a specific location. It is up to the Board to approve or deny the applications that are submitted. He felt the hearing was one sided. 300+ Derby residents signed a petition in favor of the proposal. There was a small group of people who attended the hearing and made ridiculous statements, which couldn't be proven. THC has no plans to expand despite what the several people in attendance said. Several other towns have asked THC to come to their town as they are the most popular beer garden in the state. Without the PDD they cannot create more parking and improvements so the parking complaints will continue. Weddings and banquets have been held and will continue to be held. There are weddings booked through 2020. He said that the people who challenged you do not have the faith in the Board that he does. They are one of the more sophisticated Boards.

Mr. Ponzillo of Belleview Drive. Thanked the Board for making the right decision regarding THC because that is the one that the people wanted. He also wished the Board a Merry Christmas and Happy New Year.
