Infiltration Inflow Rehab. Project

Chris Wester stated that the pump station assembly is being put together. The next step is to pour the slab and it is estimated that they will be ready on August 8<sup>th</sup> or 9<sup>th</sup> to assemble the system. He stated that they are estimating that there is enough money to cover police protection. He also stated that if there are further delays and more time is needed there may be other issues. J. Walsh stated that an extension was given to September 27<sup>th</sup>. At the meeting they said that they could not meet that deadline. He stated that there are police fees daily that would not be if the project was not delayed. He did not feel that we should be paying extra for this. Keith McLiverty stated that the extensions were at no charge. They had issues relating to sub-contractor costs. C. Wester stated that they are going after the contractor and can shift funds over. J. Walsh stated that a final date needs to be determined. J. DiMeo stated that an extension was given once and anything beyond that deadline goes to them. K. McLiverty stated that funds should not be moved to cover costs that are not our fault. J. Walsh stated that they need to be pinned down to a time line.

## Engineer's Report – Project Updates

C.Wester stated that Phase 1 is ongoing and the project is substantially completed. Phase 2 work is on Olivia Street which is ongoing. Smith Street is complete. He stated that they are working with DEEP to negotiate final scope of work. The agreement is back with them for review. He stated that regarding the Route 34 sewer they will be requesting a meeting with DeCarlo and Doll.
